

Støvring, May 2025

## Conformity Statement

### **Item no. 9803182**

Hagens A/S hereby confirms that the manufacturing of item no. 9809182 – rev. 01- is in accordance with the drawing/specifications provided by the customer and meets requirements for the usage described by the customer.

The Declaration of Conformity is issued in accordance with The Danish Executive order no. BEK "681 of 25/05/2020" (Fødevarekontaktmaterialebekendgørelsen).

#### **Applicable rules:**

The Material delivered complies with the above-mentioned legislation and is suitable for contact with foods when used in proper conditions. It will not:

- Cause danger to human health
- Cause unacceptable changes in the composition of food
- Cause deterioration of the organoleptic properties of food

Cf. Article 3 of EU Regulation No. 1935/2004 of 27 October 2004. The material complies with: The Commission Regulation No. 2023/2006, EC No 2023/2006 "on good manufacturing practice for materials and articles intended to come into contact with food" as well as the other Executive Order mentioned above.

#### **Conditions of the Steel:**

The quality of the stainless steel is dependent on that no corrosion occurs. The steel must therefore be handled and treated properly.

#### **Traceability and Recall:**

We confirm that Hagens A/S can fully trace the materials delivered.

Certificates from the manufacture of the Raw Materials can be supplied with all deliveries on request.

Hagens A/S has a deviation system to handle complaints as well as recalls.
