Schneider GmbH, In der Längerts 1, 73095 Albershausen

Declaration of conformity

acc. Regulations (EC) no.1935/2004, (EC) no.2023/2006 and (EC) no.10/2011, and the directive 2007/19/EG for plastic items which come into contact with food.

Our item no.:	227131
Description of product:	Display plates, melamine in black 28 x 21 x 4,3 cm
Identity of materials, articles, products at intermediate stage of manufacturing, or of these materials, used to manufacture these materials or products.	Melamine

Explanation:
We herewith confirm that above mentioned products as well as the materials and resources used correspond to the current version of the Regulations (EC) No. 1935/2004, (EC) no. 2023/2006 and (EC) no. 10/2011, the directive 2007/19/EG and the Commodity Regulation (BedGgst V). No food restricted ingredients which are classified as so called dual-use materials are included in this product.

The overall migration and the specific migrations are below the legal limit when used. (This applies, if substances with a limitation acc. Regulation (EU) 10/2011- annex 1, are included.) The tests are made in accordance art. 17 and 18 of the regulation (EU) No. 10/2011in conjunction with Annex V

The following substances in accordance with Regulation 10/2011 with restrictions and/or specification are used in the above mentioned product:

Name of substance:	N/A
Restriction:	N/A

Specification for the intended use or restrictions:

Type/types of food to come into contact with the product:			
all kinds of food			
all kinds of food in a temperature range from:	-30 °C / +70 °C	**Duration**	-

Type/types of food NOT to come into contact with the product:
Foodstuffs with a pH value of less than 3 and greater than 10

Ratio of the surface/weight in direct contact to the food items, and the volume based on which the conformity of the materials or products was determined:	ca. 6 dm² / 1 ltr.

No functional barrier made of plastic is being used. The traceability according to Regulation (EG) No. 1935/2004 of the product is ensured, based on the item number.
It results that the above-mentioned product is suitable for aqueous, dry and alcoholic food. There are no objections against the use of this article as material or product to be in contact with food in the meaning of the EC Global Regulation EC 1935/2004 and of Sections §§ 30 and 31 of the German Food, Consumer Goods and Feed Code (LFGB).
Instruction:
The above-mentioned product has to be stored, if there is no other condition, dry and protected from light and at room temperature.

Validity: Until revoked by reissuing

Albershausen, den 11.04.2022
